

Compact & Travel-Friendly

UC-PD2

IDX introduces a second power delivery system solution for charging batteries such as the new DUO-CP Series and SB-U/PD Series. The UC-PD2 is a small, inexpensive device which can provide power via USB-C terminals. This 65-Watt (Max) charger can charge a DUO-C98P in about 130 minutes. The UC-PD2, like the UC-PD1, is also a convenient location/travel charger and power supply for other devices, such as tablets, smartphones, cameras and other AV/ IT gear equipped with a USB-PD terminal.

Product Features

- Pocket size allows easy carrying and charging operation for location and travel
- Four power outputs, two USB-A and two USB-C
- Fast charging with PD 65W, charging time with DUO-C98P is about 130 minutes
- Output voltage switched automatically to match appropriate voltage
- AC plug can be folded and stored
- Built-in short-circuit, overcurrent, and overvoltage protection

Specifications

Input Voltage: AC100V ~ 240V 50/60Hz Automatic

Output Voltage: USB-C port: DC5V/3A, DC9V/3A, DC12V/3A, DC15V/3A, DC20V/5A (MAX 100W) USB-A port: Single port : DC5V/3A, DC9V/2A, DC12V/1.5A
Dual port : DC5V/2A + DC5V/2A

DC Connector: USB Type-C, USB Type-A

Operating Temperature: 0~40°C

Protection Circuit: Over-voltage, Over-current, Short circuit

Dimensions: 6.88(W) x 8.69(H) x 3.20(D) centimeters

Cable Length: 59 inches

Weight: 290 grams
